# BACK GROUND

---

Fawaz Children Foundation is a Non -Governmental Organization established in 2018 with an aim of empowering children and communities based on humanitarian values and equal opportunities for socio-economic growth for sustainable development.

It is legally registered in accordance with the Laws of the Republic of Uganda and was issued with a license certificate number 7528 and permit number 8997 by the Uganda Non-Governmental Organizations Bureau .The Foundation supplements to Government's efforts for service delivery and also contributes to the attainment of Sustainable Development Goals. Fawaz Children Foundation is premised at Migadde Sub- County, off Bombo road, Gombe Division, Nansana Municipality Wakiso District.

Fawaz Children Foundation commits its self by witnessing the profoundly positive impact on the lives of Children and OVCs by empowering them with their families and the community to contribute and build a transformative change .The Foundation Prioritizes and targets children, Orphans other vulnerable children because

- I. Uganda has one of the youngest populations in the world with approximately a population of 50 million people (UBOS 2024)
- II. More than half of its population is children
- III. Ugandan communities traditionally and culturally absorb orphans within their extended family systems.
- IV. One in four households at least fosters an orphan however; many of these care givers are overburdened living in extreme poverty with household income below 1\$ a day.
- V. Most families lack the socio-economic capacity to provide adequate care and support to these children.

**Vision:** To empower, save and transform lives of children to drive a positive change to live a meaningful life

**Mission:** To provide better services to children to live up to their fullest potential

**Goal:** To respond to the needs of children for their future development

**Core values**

I. Team work	IV. Ethics and integrity
II. Accountability	V. Loving and caring
III. Transparency	VI. Partnerships

Fawaz Children Foundation is guided by 4 basic Principles that it upholds in carrying out the interventions under its 5 year Strategic Plan that include:

I. Empowerment and capacity building where we believe in equipping children and communities with knowledge and skills needed for self-sufficiency to own their development regardless of their background, religion and ethnicity.

II. Prevention , protect and improve lives of children and communities to address pressing issues that affect them

III. Community participation where we actively involve community in our projects and engage them in ensuring that initiatives are community driven and sustainable.

IV. Transparency and accountability where we ensure that resources are used efficiently and for the intended purposes

The guiding principles are hinged on the identified strategic objectives which include:

1.To reduce levels of illiteracy and dropout rates for 100 identified orphans and other vulnerable children annually by providing quality education in a safe and respectful environment.

- 2.To promote and ensure that 3000 children and their families have access to health care services, food, water and sanitation every year
- 3.To increase household income levels by 20% through skills development
- 4.To reduce levels of gender based violence by providing parenting skills to 6000 families annually
- 5.To reduce on the effects of climate change by providing information on nature conservation to 500 families and stake holders.

To achieve the strategic objectives, Fawaz Children Foundation has designed thematic areas to respond to various categories of human needs as follows

1. Education and training
2. Water and sanitation
3. Health care and nutrition
4. Disaster and humanitarian relief
5. Gender equality & awareness creation
